## THE MAYOR'S CORNER

For many of us, Summer is our favorite season of the year! On the other hand, the PA humidity is hard to take! My wife and I recently returned from a vacation to Nevada, Arizona and Utah, ending in Colorado with our son. We had beautiful sunny 70 and 80 degree weather entire time! A week later, he sent us pictures showing hail storms and snow in Boulder and at least two feet of snow in nearby Breckinridge!! The following week it was probably 80! At least our weather is a bit more in line with the seasons! I guess we will take the humidity for the short time it is here.

**Pineknотter Days** will soon be here. I hope everyone comes out to enjoy the food, entertainment, games and chatting with friends and neighbors. We are blessed to have this annual event where our community and surrounding communities can come together to enjoy visiting and renewing old acquaintances. We thank all of those volunteers who work so hard to make it a success every year!

**"See You in September", our Seventh anniversary, will be held on Sunday September 3rd this year.** It is always the Sunday of Labor Day weekend. Back to entertain us, in King Street Park, will be Memory Lane. They will perform in the gazebo from 3 to 6 PM. We hope to see you there to enjoy their fabulous sounds, the crowd seems to get larger each year! Bring a chair and a friend. Refreshments will be available for purchase.

I've found some sign advertisements to put a smile on your face!

**In Shoe Repair store:** "We will heel you. We will save your sole. We will even dye for you."

**On a Blinds and Curtain Truck:** "Blind man driving."

**In a Podiatrist's office:** "Time wounds all heels."

**On a Septic Tank Truck:** Yesterday's Meals on Wheels

**At an Optometrist's Office:** "If you don't see what you're looking for, You've come to the right place."

**On a Plumber's truck:** "We repair what your husband fixed."

**On another Plumber's truck:** "Don't sleep with a drip. Call your plumber."

**At a Tire Shop in Milwaukee:** "Invite us to your next blowout."

**On an Electrician's truck:** "Let us remove your shorts."

**In a Non-smoking Area:** "If we see smoke, we will assume you are on fire and will take appropriate action."

**On a Maternity Room door:** "Push. Push. Push."

**At a Car Dealership:** "The best way to get back on your feet - miss a car payment."

**Outside a Muffler Shop:** "No appointment necessary. We hear you coming."

**In a Veterinarian's waiting room:** "Be back in 5 minutes. Sit! Stay!"

**At the Electric Company:** "We would be delighted if you send in your payment on time. However, if you don't, YOU will be de-lighted."

**In a Restaurant window:** "Don't stand there and be hungry; come on in and get fed up."

**In the front yard of a Funeral Home:** "Drive carefully. We'll wait."

**At a Propane Filling Station:** "Thank Heaven for little grills."

**In a Chicago Radiator Shop:** "Best place in town to take a leak"

**And the best one for last...**

**Sign on the back of another Septic Tank Truck** "Caution - This Truck is full of Political Promises"

Have a safe and wonderful summer!

Mayor Len Zboray

## FROM THE EDITOR

I hope everyone kept the maps in the last edition—looks like they will be good for awhile. I will put new ones in as needed. Construction on Duke St will begin after Pineknотter Days. If you need another map—there are still some old newsletters available at the borough office. We have heard a wonderful rumor that the detour will be year round—not just when they are working! No trucks on Duke Street for a few years—this may all be worth it after all! (Yes! the rumor is true.)

Another thing to remember - I know we are all going to get tired of the construction all summer for what will seem like forever —BUT **PLEASE BE CAREFUL AND LET'S MAKE THIS AN ACCIDENT FREE CONSTRUCTION ZONE..**

As for the trees the state removed—they will be replanting trees—the Borough office has the tree map posted on the office wall, with a few extras available or visit on the web:

## NORRY SCHOOLS ALUMNI ASSOCIATION

Phil Hallden with Elise Brubaker

They say a picture is worth a thousand words—that’s good because I don’t have an article to go with these pictures from Little Leagues Memorial Day festivities. I try to get articles and pictures—for anything of interest going on in Norry or Point Township . But I guess people just don’t think anyone would like to know about the things they are doing. So if you know of something going on—that others might like to know about, let me know! Or ask the people in charge to let me know. Contact me at—info@17857.org or 570-473-3222—Thanks

Did you notice the stars and flags at the end of the park? Barb Kistner is trying to make the town beautiful again!!!

When you walk thru the park and you see a weed—pull it!!! This one Barb pulled is almost as big as she is—much easier if you pull them when they are small.

YOU ASKED—WE LISTENED

Pineknottter Days has handicapped parking—it has always been on Second St from Sheetz Ave down to King St and now there is more.

Michael Splain of Epler's Funeral Home has graciously offered the use of his parking lot for additional handicapped parking—during Pineknottter Days.

To the person who asked for shuttle service—we checked into it—but the cost is prohibitive.

VOLUNTEER COOK & HELPER NEEDED

Pineknottter Days needs someone to prepare breakfast sandwiches and coffee to be sold to the vendors on July 4th. Griddle and supplies will be provided at the park. Vendors have told us they would appreciate this between 7 -8 am. Please contact Lou Latsha at LLLatsha@gmail.com or 570-473-3222.

A DJ will be rockin' the pool  
Thursday evenings  
from 6:00 - 8:00 pm.

Kick Off the weekend EARLY!

The concession stand will be open.  
Admission is separate from regular daily admission, and season passes do not apply.

## ON BEING A GOOD NEIGHBOR

High Grass — grass can be no higher than 6" within the Borough. Tall grass is unsightly, can hinder sight when along streets and alleys, and can harbor rats and other animals that can cause health issues.

Grass Clippings — please keep clippings off sidewalks and streets. The ordinance was put in place as the clippings can clog up storm drains.

Dogs and Cats — The Borough Ordinances state:

- No person shall leave food for dogs or cats outside unattended.
- Dogs can not make continuous noise for more than 10 minutes. (An often heard complaint.)
- Dogs must be leashed and curbed. (For those who are like me and didn't know what curbed meant—you must clean up after your dog or possibly face a \$300 fine, plus costs!)

Please try to be a good neighbor and citizen. If I wanted to clean up dog poop—I would have a dog! SO PLEASE CURB YOUR DOG!

## BOROUGH NO PARKING ORDINANCE

FYI: On Federal holidays, tickets will NOT be issued for parking in Borough regulated No Parking Zones, often inaccurately referred to as No Parking for Street Sweeping.

However, the No Parking Ordinance is a year-round ordinance for multiple purposes including leaf and snow removal in addition to street cleaning.

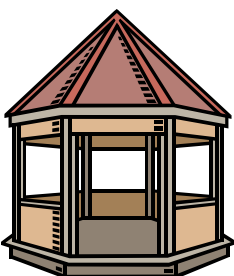

No tickets will be issued along detour routes in regards to the No Parking Ordinance.

## KATE'S KUPBOARD 9 -11 AM

### What is A Pineknoller

"Pine" is a versatile evergreen.

"Knot" is a hard piece of wood growing from a branch.

We have been and will be versatile and hard.

The "Pine Tree" gives us a vision of pride, standing erect.

The "Knot" strength... the will to win.

## NORTHUMBERLAND COUNTY HISTORICAL SOCIETY

### ***Bloody Springs Reenactment — August 20, 2017***

On a hot summer afternoon in August of 1756, young James Pattin was guarding cattle near Fort Augusta and he suddenly encountered Indian warriors. They shot and scalped him. His blood ran into the spring to which he had come to quench his thirst and was henceforth known as the Bloody Spring. On Sunday, August 20 at 2:00 p.m. this event will be re-created at the site of the Bloody Spring on Memorial Drive just off Shikellamy Avenue in Sunbury. The cast will include members from the community and the Augusta Regiment. Spectators are invited to witness the event in the area near the tennis courts. The Northumberland County Historical Society will provide refreshments after the re-enactment at its headquarters at the site of Fort Augusta. All are welcome to attend.

### ***History Harvest — September 21, 2017***

Similar to our show and tell program. Students and librarians from Susquehanna University will be here to do brief oral history interviews and photograph items as part of an ongoing local history project begun at the University last year. We're asking you to start combing the house now for that special item that has an interesting story. It's been a valuable learning experience for the students thus far and we'd like to see it continue with a great turnout at our History Harvest. Items made or used in the local area as well as family heirlooms are preferred.

### ***Annual Lantern Tour — October 29, 2017***

## Improving a Health, Human Service Helpline

To help residents better access both private and public human services, [House Bill 211](#) passed the House this week to improve Pennsylvania's 2-1-1 system. The 2-1-1 system is a free, confidential, 24-hour information and referral service provided by the United Way that connects Pennsylvanians in need with health and human service assistance available through government programs, along with private and nonprofit organizations in their communities.

The new public-private grant program established under House Bill 211 would help expand the service, develop mobile applications and ensure efficiency and quality standards across the state, all while reducing the taxpayer costs needed to ensure its success. House Bill 211 now moves to the Senate for consideration.

## FROM YOUR STATE REPRESENTATIVE

### Recognizing Lyme Disease Awareness Month in PA

By Rep. Lynda Schlegel Culver (R Northumberland/Snyder)

Spring has sprung, and so has the desire to spend time in the great outdoors. In May, we recognized Lyme Disease Awareness Month in Pennsylvania, because it is important to remember the dangers that deer ticks can carry.

Several scientific and media reports claim that due to our mild winter, we could have a bad tick season ahead, and I want to take this opportunity to share some helpful information.

Deer ticks are the primary carrier of Lyme disease, which is a zoonotic disease or transmissible between animals and humans. The Department of Environmental Protection released a study last year confirming a high risk of Lyme in every county of the Commonwealth, as deer ticks have been found in all 67 counties. We lead the nation in confirmed cases of Lyme disease. To prevent against Lyme, the Department of Health recommends using insect repellent with DEET and wearing long sleeve shirts and long pants when venturing outdoors, along with checking for and promptly and properly removing any ticks when you return, and showering shortly after exposure.

The Centers for Disease Control and Prevention state that some of the early signs (30 days after tick bite) include rash, fever, chills, headache, fatigue, muscle joint aches and swollen lymph nodes. Some of the late signs and symptoms (days to months after tick bite) include severe headaches and neck stiffness, facial palsy, heart palpitations, and intermittent pain in tendons.

House Bill 174 was approved by the House Health Committee in early May to help ensure patients have access to emerging diagnostic and treatment options for Lyme disease. It would require health insurers to cover treatment plans for Lyme disease or related tick borne illnesses as prescribed by a health care practitioner. The bill will go to the full House for consideration. For more information about Lyme disease in Pennsylvania, I encourage you to visit [www.health.pa.gov](http://www.health.pa.gov) and search for Lyme disease.

### Also of note

[House Bill 105](#) would improve the state's telemarketing law by making registrations on the do-not-call list permanent, rather than

reregistering after five years; prohibiting the calls on legal holidays; requiring telemarketers using a robo-call system to provide an opt-out process within the first few seconds of each call; and requiring robo-calls left on a voicemail to include a toll-free call back number that would directly connect a person to an opt-out process.

These commonsense reforms would make life easier for Pennsylvanians who do not want to receive so many telemarketing solicitations or robo-calls. Registration on the list will not prevent all calls; individuals with an existing relationship with a company, along with charitable and political calls, are exempt. The bill now goes to the Senate for review.

## PRIESTLEY FORSYTH MEMORIAL LIBRARY

### What is the summer slide?

No, it's not at the playground or pool. Access to books is critical. Reading just 4 to 6 books over the summer has the potential to prevent a decline in reading achievement scores from the spring to the fall, so even small steps are very beneficial. (National Summer Learning Association)

The public library is an excellent free resource for families to have access to books of a wide range of interests and reading levels, as well as librarians to guide children and families in selecting great books.

When children select reading materials themselves and read for enjoyment, they receive the most gains in reading achievement, including better reading comprehension, writing style, vocabulary, spelling, and grammatical development. The longer that this free voluntary reading is practiced, the more consistent and positive the results. Therefore, summer programs, such as those offered in public libraries, that allow and encourage children to choose what they read are likely to be most successful. Children and teens tend to read more when adults in their lives encourage them to read, and also when they see those adults reading often themselves. Children that feel that reading is fun tend to read more often, so summer programs that help make reading enjoyable and social are most successful.
